Epson EB-L570U

Brief Introduction Beta 2.5	The Epson model EB-L570U is an LCD laser projector with WXGA 1280 x 800 resolution and a contrast of 25000000:1. Due to the laser, the projector is specified with 20000 hours of light life, which is over 13.7 years with a daily viewing time of 4 hours. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. The integrated lens shift gives freedom when positioning the projector. Thanks to the brightness of 5200 Ansi lumens, a picture width of 733 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 489 cm). In the event that the image is still too small, the projector offers integrated edge blending software, which allows several projectors to project a large image together. Playing 1080P and 4K (compressed) is also no problem for the projector.
Display Type	3 x 0,67" LCD TFT Panel WXGA 16/10 Liquid Crystal Display
Projector: Ansi-Lumen	5200
Projector: Contrast	25000000:1 full on/off

Features

- Full HD 1080P compatible
- Lens shift Funktion
- Integrated Mediaplayer
- Eco Mode
- Kensington Slot
- High Dynamic Range (HDR)
- Edge Blending
- Password protection
- Control via web browser
- Lan network compatible.
- Crestron®-Software compatible.
- DICOM
- Document camera compatible
- AMX

Optional

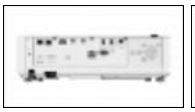

Air filter original V13H134A56 / ELPAF56
