EPSON EB-W51

| | |
|---|---|
| Brief Introduction<br>Beta 2.5 | The standard portable EB-W51 LCD projector from Epson has 4000 Ansi lumens, a contrast of 16000:1 and a WXGA 1280 x 800 resolution. The manufacturer specifies a lamp life of 12000 hours, which is equivalent to over 16.4 years at 2 hours per day. Including an integrated media player with which files can be played directly. The horizontal and vertical keystone correction provides leeway when setting up. Thanks to the brightness of 4000 Ansi lumens, a picture width of 643 cm is possible. The projector will also cope with slightly brighter rooms with a narrower picture width (we recommend max. 429 cm). |
