

Epson EB Z9900W

EPSON EB Z9900W

A brief introduction to the Epson EB Z9900W. The LCD projector has a WXGA 1280 x 800 resolution and a contrast of 15000:1. With the lens shift function, the projector can be positioned very freely. 9200 Ansi lumens ensure that a picture width of 975 cm is also possible. The projector can handle rooms with residual light with a smaller image width, we recommend a maximum of 650 cm. If the image is still too small, the integrated edge blending software can help to project a larger image with additional projectors. Even 1080P video signals are no problem for the projector. The model built in 2014 is no longer offered by Epson.

 3 x LCD TFT Panel
WXGA 16/10 Liquid Crystal Display
