Epson EH-LS7500

Brief Introduction Beta 2.5	With the EH-LS7500, manufacturer Epson offers an LCD laser projector featuring UHD (4K2K) 3840 x 2160 resolution and a contrast ratio of 5,000,000:1. Thanks to the laser, the service life is 20,000 hours ? which equates to over 13.7 years if used for four hours a day. The projector also features a lens shift function for flexible projection adjustment without any loss of quality. 3,500 ANSI lumens ensure that an image width of 435 cm is possible. In rooms with ambient light, the projector can achieve a narrower image width; we would recommend a maximum of 290 cm. Furthermore, thanks to its Bluetooth functionality, the projector can be easily paired with other speakers. Furthermore, the projector can play 1080p and 4K content without any issues. With an operating noise level of just 25 decibels, the projector runs quietly.
