

Epson EMP TW980

EPSON EMP TW980

The Epson EMP TW980 LCD projector has 1200 Ansi lumens, a contrast of 10000:1 and an HDTV 1920 x 1080 resolution. The integrated lens shift gives freedom when positioning the projector. An image width of up to 352 cm is possible. However, the image should be smaller in room light. We recommend max. 235 cm. Furthermore, the projector can play 1080P without any problems. The model was built by Epson in 2008 and is no longer current.
