Epson USA Pro Cinema LS10000

Brief Introduction Beta 2.5	A brief introduction to the Pro Cinema LS10000: The Epson USA high-end home cinema 3D laser LCD projector offers 1500 Ansi lumens and a UHD (4K2K) 3840 x 2160 resolution. Manufacturer Epson USA specifies a service life of 30,000 hours, which is over 20.5 years with a daily viewing time of 4 hours. With the lens shift function, the projector can be positioned very freely. The projector will be able to illuminate a picture width of 393 cm well. If room light is available, however, the picture width should ideally not exceed 262 cm. Furthermore, the projector can play 1080P and 4K as well as 3D without any problems, and therefore all currently available Blu-ray formats can be recognized by the projector. At 19 decibels, the projector is very quiet compared to other projectors. On the market since 2014, the model is no longer offered by the manufacturer Epson USA.
