Epson USA PowerLite L200W

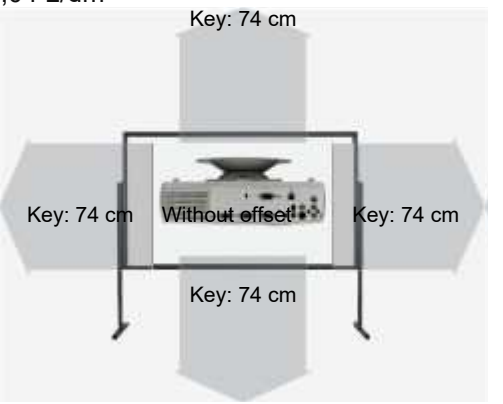

Brief Introduction Beta 2.5	The Epson USA PowerLite L200W standard portable laser LCD projector has 4200 Ansi lumens, a contrast of 2500000:1 and a WXGA 1280 x 800 resolution. The manufacturer Epson USA specifies a service life of 20000 hours, which is equivalent to over 13.7 years at 4 hours per day. Including an integrated media player with which files can be played directly. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. The projector is equipped with a microphone jack plug and 16W speakers, so no additional speakers are required for presentations or training sessions. An image width of up to 658 cm is possible as the projector has 4200 Ansi lumens. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 439 cm. Furthermore, the projector can play 1080P without any problems. The model built in 2020 is no longer offered by Epson USA.
Display Type	3 x LCD TFT Panel WXGA 16/10 Liquid Crystal Display
Projector Ansi-Lumen	4200
