ExquizOn E05

Brief Introduction Beta 2.5	The ExquizOn E05 standard portable DLP projector has 120 Ansi lumens, a contrast of 2000:1 and a WVGA 854 x 480 resolution. 120 Ansi lumens ensure that a picture width of 111 cm is also possible. However, if room light is available, the picture should be max. 74 cm wide. The rechargeable projector is not dependent on a direct power source and can therefore be set up very quickly, freely and spontaneously. Furthermore, the projector can play 1080P without any problems. It came onto the market in 2017 and is no longer offered by the manufacturer ExquizOn.
