FUDONI GC666

EAN/UPC:B0CSDPBW2S

Brief Introduction Beta 2.5	The GC666 LED LCD has 600 ANSI lumens, a contrast ratio of 24,000:1 and an HDTV resolution of 1920 x 1080. Thanks to its LEDs, the projector has a light source lifespan of up to 30,000 hours, which would equate to over 20.5 years based on 4 hours? viewing per day. Built-in horizontal and vertical keystone correction offers flexibility when setting up the projector. An image width of up to 176 cm is possible. However, in well-lit rooms, the image should be set to a smaller size. We recommend a maximum of 117 cm. The projector supports AirPlay and Miracast screen mirroring, enabling high-resolution videos and surround sound to be streamed directly via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. In addition, thanks to its Bluetooth functionality, the projector can be flexibly paired with other speakers. The projector also handles 1080p and 4K (compressed) video signals with ease.
Display Type	1 x LCD Panel HDTV 16/9 Liquid Crystal Display
Projector Ansi-Lumen	600
Contrast	24000:1
