FUDONI P1

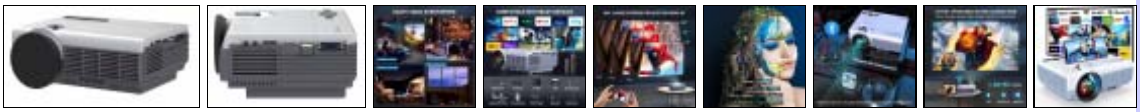

Brief Introduction Beta 2.5	The P1 LED LCD has 440 Ansi lumens, a contrast of 10000:1 and an HDTV 1920 x 1080 resolution. The lifespan of the LEDs is 80000 hours, which is over 54.8 years if enjoyed for four hours a day. The projector also offers an integrated media player that can be used to play files directly. The horizontal and vertical keystone correction provides leeway when setting up. Thanks to the brightness of 440 Ansi lumens, a picture width of 213 cm is possible. In room light, the picture should be max. 142 cm wide. The model recognizes Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). Another extra is that the projector can be connected to external wireless speakers using the Bluetooth function. Playing 1080P and 4K (compressed) is also no problem for the projector. At just 29 decibels, the device is one of the quieter projectors.
Display Type	1 x LCD TFT Panel HDTV 16/9 Liquid Crystal Display
Projector Ansi-Lumen	440
Contrast	10000:1 full on/off
Black Level	0,0440 min. Lumen
