Gaimoo HY320

Brief Introduction Beta 2.5	The HY320 LED LCD portable game projector has 200 ANSI lumens, a contrast ratio of 1500:1 and an HDTV 1280 x 720 resolution. Manufacturer Gaimoo states a lifespan of 30,000 hours, which is over 20.5 years at four hours of use per day. The projector also offers an integrated media player that can be used to play files directly. 200 ANSI lumens ensure that an image width of 144 cm is also possible. However, if room light is present, the image should not be wider than 96 cm. The projector has Airplay, Miracast Screen Mirroring support, which allows high-resolution video and surround sound to be played directly from smartphones, tablets and PCs running Android, Windows or iOS via Wi-Fi. In addition, the Bluetooth option is a useful addition for the projector, especially for wireless audio transmission. The model is also compatible with Full HD 1080P and 4K (compressed). The operating noise of only 25 decibels makes projection quiet.
