HAPPRUN K7 Pro

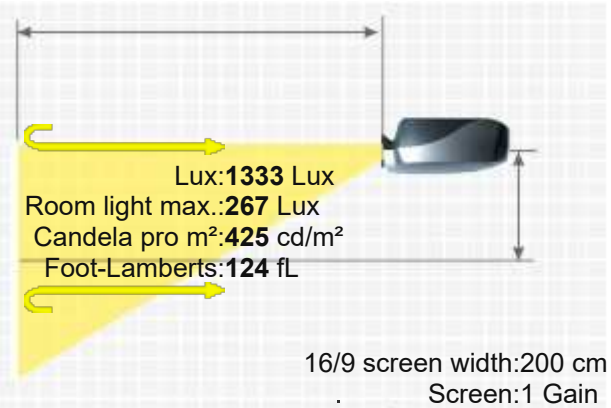

EAN/UPC:B0G78PKNCJ

The HAPPRUN K7 Pro is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 20,000:1. It is an LED projector with a lamp life of 30,000 hours, which, based on four hours? viewing per day, would equate to over 20.5 years. The built-in media player can play files directly. Built-in horizontal and vertical keystone correction offers flexibility when setting up the projector. The projector is capable of illuminating an image width of 454 cm. However, if there is ambient light in the room, the image width should ideally not exceed 303 cm. Google TV transforms the projector into a smart entertainment centre with countless functions. The model recognises Chromecast, AirPlay and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet or PC (Android, Windows and iOS). Another notable feature is that the projector can be connected to external wireless speakers via its Bluetooth function. It is also compatible with Full HD 1080p and 4K (compressed).

Beta 2.5

Brief Introduction
