Hisense PX1-PRO

HISENSE PX1-PRO

Brief Introduction Beta 2.5	The PX1-PRO DLP has 2200 Ansi lumens, a contrast of 1000000:1 and a UHD (4K2K) 3840 x 2160 resolution. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide picture, the projector only needs to be 50 cm away from the screen. Thanks to the integrated Android TV software, it offers direct access to a variety of streaming services such as Netflix, Disney+, Amazon Prime Video and YouTube as well as games and other interactive content. The model recognizes Chromecast, screen mirroring signals, so it is possible to play videos with high resolution and surround sound directly via Wi-Fi from a smartphone, tablet or PC (Android, Windows and iOS). Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. Even 1080P and 4K video signals are no problem for the projector.
Display Type	1 x 0,47" DLP Chip HDTV 16/9 Ti Digital Light Processing Chip
Ansi-Lumen	Projector: 2200 / Screen: 978 Lux (200 cm Screen width)
Contrast	Projector: 1000000:1 full on/off / Screen: 1000000:1 full on/off
