CINEMAVISION LCD PROJECTOR

Weighing just 2.35kg, and with an A4-sized footprint, Hitachi's CinemaVision portable LCD projector is a tiny package that delivers huge pictures. And it doesn't need much room to work in. It will project a 1.5 metre picture at a distance of just 1.5m from the screen, but for the big occasions images up to 7.6m in size can be projected.

- Portable LCD Projector
- A4 Size and only 2.35KG in Weight
