IN116AA

Brief Introduction

Beta 2.5

The Genesis IN116AA 3D BrilliantColor DLP projector from InFocus has 3800 Ansi lumens, a contrast of 30000:1 and a WXGA 1280 x 800 resolution. The lamp has a service life of up to 10,000 hours, which equates to over 13.7 years at 2 hours per day. An image width of up to 626 cm is possible as the projector has 3800 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 417 cm. Video signals 1080P and 3D are also no problem for the projector. The operating noise of just 30 decibels makes the projection quiet.
