

InFocus Genesis IN119AA

INFOCUS GENESIS IN119AA

Brief Introduction

Beta 2.5

The standard portable Genesis IN119AA 3D BrilliantColor DLP projector from InFocus has 3400 Ansi lumens, a contrast of 30000:1 and a WUXGA 1920 x 1200 resolution. The lamp of the projector is specified with a lamp life of 10000 hours, which is over 13.7 years if enjoyed for two hours every day. An image width of up to 592 cm is possible as the projector has 3400 Ansi lumens. However, if room light is available, the picture should be max. 395 cm wide. The projector can also play 1080P and 3D without any problems. At just 30 decibels, the device is one of the quieter projectors. Unfortunately, we can no longer offer a replacement lamp for this model, neither original nor replica.
