

InFocus IN114v

INFOCUS IN114V

The InFocus model IN114v is a DLP projector with XGA 1024 x 768 resolution and a contrast of 17000:1. The manufacturer specifies a lamp life of 5000 hours, which is over 6.8 years with a daily viewing time of 2 hours. The projector can illuminate a picture width of up to 515 cm thanks to its 3500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 343 cm. Playing 1080P and 3D is also no problem for the projector. The model built in 2017 is no longer offered by InFocus.

Brief Introduction

Display Type

1 x 0,55" DLP Chip
XGA 4/3 Ti Digital Light Processing Chip
