ScreenPlay™ 5000

The InFocus commitment.

There is a reason why the InFocus Corporation has become the industry leader, and why every InFocus ScreenPlay projector is an award winner and worldwide best seller. That reason is our dedication to quality and customer satisfaction, evident in the care and standard options that come with our products. Each InFocus ScreenPlay projector is the result of years of InFocus engineering and development, and backed by a limited two-year factory warranty, including parts and labor, as well as a 90-day lamp replacement guarantee. Also, you can rest easy knowing InFocus customer support backs every product with premium service and convenience.

ScreenPlay™ 5000

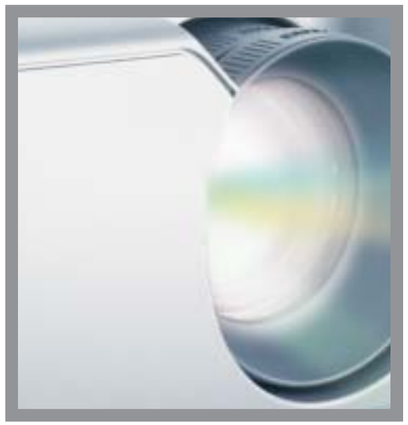

Bring home the thrill.

Experience the thrill of the bigger screen.

With the InFocus® ScreenPlay™ 5000, see what you've been missing on your TV. Featuring a gigantic image, this projector will do more than show you the action, it will take you inside the action. And you can trust award-winning InFocus engineering and proven ScreenPlay™ technology to ensure a quick & simple setup resulting in a brilliant picture, so you can get right to your favorite events, shows, DVDs and video games. The InFocus ScreenPlay 5000 gives you the experience of home entertainment like you never imagined.

Images look better than real life.

For video enthusiasts looking for the ultimate viewing experience, the InFocus ScreenPlay 5000 offers uncompromised native 720p high-definition projection. That means 720 lines of in-your-face sports and bigger-than-life movies. In addition, the InFocus ScreenPlay 5000's projection system boasts three 16:9 aspect 0.7" high-temperature poly-silicon active matrix LCD displays. What that means is you get to experience your movies, sports and gaming the exact way that it was meant to be seen, all from the comfort of your own couch, where you can immerse yourself in details that ordinary television set owners only dream of. And the InFocus ScreenPlay 5000 is so affordable that it is nearly as impressive as the picture. Nearly.

ScreenPlay™ 5000

Life-size just got a lot bigger.

No more jockeying for a good seat with the InFocus ScreenPlay 5000. With an image as big as 11 feet wide, every seat in your living room is the best seat in the house. See your programs projected at a vivid 1100 video optimized lumens and a stunning 1200:1 contrast ratio, so all your sports, shows, movies and games will come through bright and crisp for everyone watching. Kids will delight at cartoon characters who are same size as they are, transfix in video games they can almost dive into, and marvel at nature shows where the beasts seem like they could step off the screen into the room. With this projector, InFocus can put you courtside, in the front row, anywhere you want, in vivid, high-definition clarity. The big game has never been bigger and the stars have never been brighter than on the InFocus ScreenPlay 5000.

The crown jewel of your home entertainment system.

By offering you a multitude of connection options, the InFocus ScreenPlay 5000 will become the centerpiece of your family's home entertainment experience, with inputs for nearly any digital device. Easy-to-reach connections allow you to quickly hook up your DVD player, VCR, cable or satellite receiver, game console, camcorder, even your PC. Intuitive design and controls makes it easy to connect and even easier to select what you'd like the InFocus ScreenPlay 5000 to project larger than life for you.

Portable. Flexible. Enviable.

The InFocus ScreenPlay 5000 is the projector that is ready to go with you at a moment's notice. Its slim footprint size and lightweight design allows for easy portability and set-up. Instant keystone correction combined with horizontal and vertical adjustments mean you can mount the projector to the ceiling or simply set it on any convenient surface and get an amazing image. And the projector's handy optical zoom lens allows for easy image-size adjustment to make any room into a home theater. Impress your friends when you drop by with the InFocus ScreenPlay 5000 ready to show your favorite movie, then watch them beg you not to take it with you when the credits roll.
