Infoto PCL-LT8000W

3LCD | Lens Shift | Motor | PJLink | Netzwerk | W.-Optiken | CRESTRON Steuerung

Brief Introduction Beta 2.5	The Infoto model PCL-LT8000W is an LCD projector with WXGA 1280 x 800 resolution and a contrast of 5000:1. The lamp life is specified by the manufacturer as 4000 hours, which is over 5.5 years with a daily viewing time of 2 hours. With the lens shift function, the projector can be set up very freely. An image width of up to 825 cm is possible as the projector has 6600 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 550 cm. Even 1080P video signals are no problem for the projector. It was launched in 2015 and is no longer offered by the manufacturer Infoto.
