JVC DLA X55R / RBE

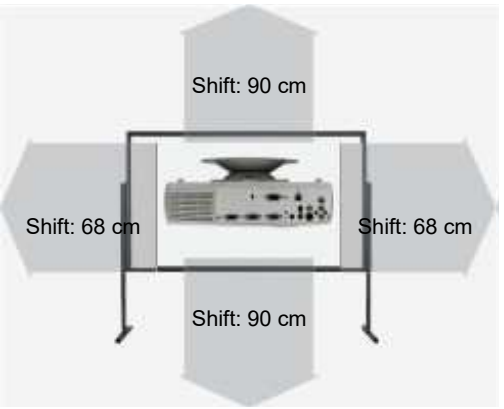

Brief Introduction Beta 2.5	With the DLA X55R / RBE, manufacturer JVC offers a DILA projector with UHD (4K2K) 3840 x 2160 resolution and a contrast of 50000:1. The manufacturer specifies a lamp life of 4000 hours, which is over 5.5 years if enjoyed for two hours a day. Including a lens shift function, which provides freedom during installation. 1300 Ansi lumens ensure that a picture width of 366 cm is also possible. However, if room light is available, the picture should be a maximum of 244 cm wide. Playback of 1080P and 4K as well as 3D is also no problem for the projector, meaning that all Blu-ray formats currently on offer can be recognized by the projector. The operating noise of just 20 decibels makes the projection quiet. On the market since 2012, the model is no longer offered by the manufacturer JVC, but is still very popular in our projector database.
