

Kindermann KWD 320X

KINDERMANN KWD 320X

With the KWD 320X, manufacturer Kindermann offers a DLP projector with WXGA 1280 x 768 resolution and a contrast of 2500:1. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. An image width of up to 366 cm is possible. However, the image should be smaller in room light. We recommend max. 244 cm. At just 28 decibels, the device is one of the quieter projectors. This model is no longer offered by Kindermann. It should also be noted that, unfortunately, there are no longer any replacement lamps for the projector, neither original nor replica.
