KINMRIS HY300

Brief Introduction Beta 2.5	The KINMRIS model HY300 is an LCD LED projector with HDTV 1280 x 720 resolution and a contrast of 500:1. The manufacturer specifies an LED service life of 50000 hours, which is equivalent to 34.2 years at 4 hours of operation. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. 200 Ansi lumens ensure that a picture width of 144 cm is also possible. However, if room light is available, the picture should be a maximum of 96 cm wide. As the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. Video signals 1080P and 4K (compressed) are also no problem for the projector. At 25 decibels, the projector is very quiet compared to other projectors.
Display Type	1 x LCD TFT Panel HDTV 16/9 Liquid Crystal Display
Ansi-Lumen	Projector: 200 / Screen: 89 Lux (bei 200 cm Screen)
Contrast	Projector: 500:1 full on/off / Screen: 500:1 full on/off
