LG HF60LA

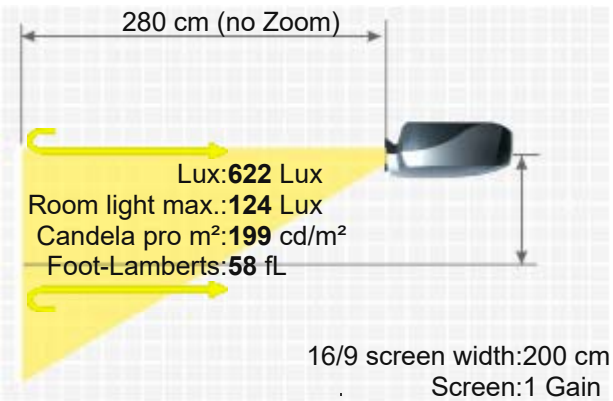

EAN/UPC:719192625822

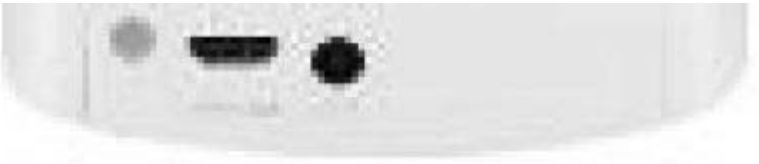

The LG HF60LA 3D LED DLP projector has 1400 Ansi lumens, a contrast of 150000:1 and a resolution. Manufacturer LG specifies a service life of 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. Including an integrated media player with which files can be played directly. A picture width of up to 380 cm is possible. However, the picture should be smaller in room light. We recommend max. 253 cm. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. Furthermore, the projector can play 1080P and 4K (compressed) as well as 3D without any problems, meaning that all currently available Blu-ray formats can be recognized by the projector. It was launched in 2019 and is no longer offered by the manufacturer LG, but is still very popular in our projector database.

Brief Introduction
Beta 2.5

Display Type	DLP Chip HDTV 16/9 Ti Digital Light Processing Chip	
Ansi-Lumen	1400	622 Lux (bei 200 cm Screen)
