

Liesegang ddv 911

LIESE GANG D D V 9 1 1

With the ddv 911, manufacturer Liesegang offers a DLP projector with XGA 1024 x 768 resolution and a contrast of 500:1. The projector can illuminate an image width of up to 326 cm thanks to its 1400 Ansi lumens. In room light, however, the picture width should ideally be less than 217 cm. The projector was launched in 2002 and is no longer sold by the manufacturer. It should also be noted that, unfortunately, there are no more replacement lamps for the projector, neither originals nor replicas.

Brief Introduction Beta 2.5
