Lightware Legend LS-8

Brief Introduction Beta 2.5	A brief introduction to the Lightware Legend LS-8. The standard portable LCD projector has an SVGA 800 x 600 resolution and a contrast of 150:1. As Lightware specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. The projector will be able to illuminate a picture width of 230 cm well. However, if room light is available, the image width should ideally not exceed 153 cm. This model is no longer offered by Lightware.
