Lisowod L63 Pro

EAN/UPC:B0HFWC8BMC

Beta 2.5

Brief Introduction	With the L63 Pro, manufacturer Lisowod offers a micro-portable LCD LED projector featuring HDTV 1920 x 1080 resolution and a contrast ratio of 28,000:1. Thanks to the LEDs, the projector has a lifespan of 30,000 hours, which would amount to over 20.5 years based on 4 hours of daily use. The projector also features a built-in media player that allows files to be played directly. Horizontal and vertical keystone correction provides flexibility during setup. With 1,800 ANSI lumens, it can project an image up to 393 cm wide. However, if there is ambient light in the room, the image should be no wider than 262 cm. Since the projector recognizes AirPlay, Miracast, and Screen Mirroring signals, it is possible to stream high-resolution videos with surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. Another notable feature is that the projector?s Bluetooth function allows it to connect to external wireless speakers. It is also compatible with Full HD 1080p and 4K (compressed). With an operating noise level of just 30 decibels, the projector operates quietly.
Display Type	1 x LCD Panel HDTV 16/9 Liquid Crystal Display
Projector: Ansi-Lumen	1800
Projector: Contrast	28000:1
