

Maxell MP-TW4011

MAXELL MP-TW4011

A brief introduction to the Maxell MP-TW4011. The LCD laser projector has a resolution and contrast of 500000:1. The manufacturer Maxell specifies a service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The horizontal and vertical keystone correction allows the projector to be positioned very freely. With a projection ratio of just 0.3:1, this projector never gets in the way. For a 2m wide image, the projector only needs to be 60 cm away from the screen. A smartphone with MHL connection can be connected directly to the MHL/HDMI port and transmit a 1080p / 60 Hz image mirroring (screen mirroring) while the smartphone is being charged at the same time. The projector can also play 1080P and 3D without any problems. The projector was launched in 2018 and is no longer sold by the manufacturer.

Brief Introduction

Beta 2.5

Display Type

3 x 0,59" LCD TFT Panel
WXGA 16/10 Liquid Crystal Display

Ansi-Lumen
