The Megapower ML70 DLP projector has 800 Ansi lumens, a contrast of 2000:1 and a WXGA 1280 x 800 resolution. The integrated media player can play files directly. Thanks to the brightness of 800 Ansi lumens, a picture width of 287 cm is possible. In room light, the picture should be max. 191 cm wide. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from a smartphone while it is being charged at the same time via the connection. The model built in 2016 is no longer offered by Megapower.
