

Megapower ML-T10

MEGAPOWER ML-T10

With the ML-T10, manufacturer Megapower offers a short-throw DLP LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 2000:1. It is an LED projector with a lamp life of 30,000 hours, which equates to over 20.5 years at 4 hours use per day. As the projector features horizontal and vertical keystone correction, it can be set up with plenty of space around it. With a throw ratio of just 0.12:1, this projector never gets in the way. To project a 2-metre-wide image, the projector needs to be positioned just 24 cm from the screen. Thanks to the built-in 2,600 mAh battery, no external power supply is required, allowing the projector to be set up quickly and flexibly. In addition, the Bluetooth capability is a useful feature for the projector, particularly for wireless audio transmission. The projector also handles 1080p and 4K (compressed) video signals with ease.

 1 x 0,23" DMD DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip

Projector	450	Screen	200 Lux (200 cm Screen width)
