Nec M363W

NEC M363W

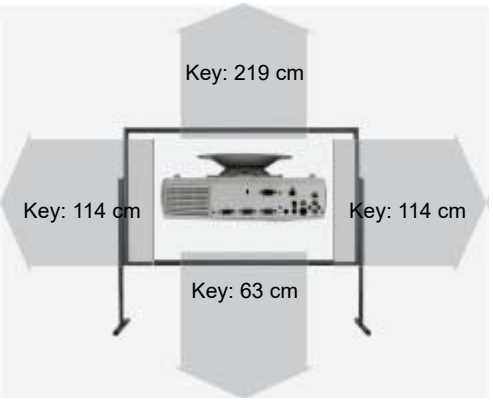

Brief Introduction Beta 2.5	The Nec M363W 3D DLP projector has 3600 Ansi lumens, a contrast of 10000:1 and a WXGA 1280 x 800 resolution. Thanks to the ambient light sensor, the projector can automatically optimize the projected image. Includes an integrated media player with which files can be played directly. Horizontal and vertical keystone correction makes image adjustment childs play. The model offers a microphone jack plug and 20W speakers, so no additional audio devices are required for presentations or training courses. Thanks to the brightness of 3600 Ansi lumens, a picture width of 610 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 407 cm). It is also Full HD 1080P and 3D compatible. On the market since 2015, the model is no longer offered by the manufacturer Nec.
