

NICPOW Q6

NICPOW Q6

The NICPOW Model Q6 is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 10000:1. Thanks to the LEDs, the projector has a light life of up to 100,000 hours, which would be over 68.5 years if viewed for 4 hours a day. It includes an integrated media player that allows files to be played directly. 400 ANSI lumens ensure that an image width of 203 cm is possible. However, if there is ambient light in the room, the image should be no wider than 135 cm. The model recognizes Airplay and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). In addition, the Bluetooth function allows the projector to be flexibly paired with other speakers. Furthermore, it is compatible with Full HD 1080P and 4K (compressed).

- 1 x LCD TFT Panel
- HDTV 16/9 Liquid Crystal Display

Projector	400	Screen	178 Lux (bei 200 cm Screen)
Contrast	10000:1 full on/off		10000:1 full on/off
