Norbridge HY300 Plus

EAN/UPC:B0GTVSPD8F

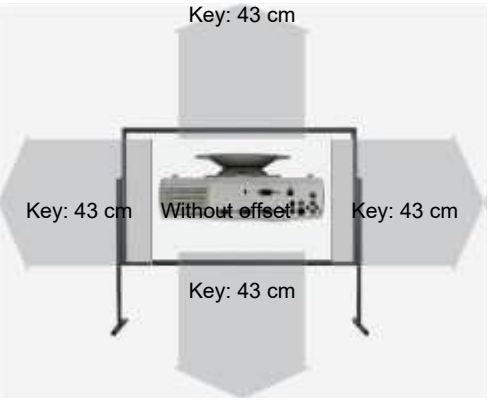

NORBRIDGE HY300 PLUS

Brief Introduction Beta 2.5	A brief introduction to the HY300 Plus: The Norbridge LED LCD projector offers 260 ANSI lumens, a contrast ratio of 1500:1 and an HDTV resolution of 1920 x 1080. Thanks to its LEDs, the projector has a specified lamp life of 30,000 hours, which would equate to over 20.5 years based on four hours? use per day. The built-in media player can play files directly. Built-in horizontal and vertical keystone correction offers flexibility when setting up the projector. The projector is capable of illuminating a screen width of 164 cm effectively. However, if there is ambient light in the room, the screen width should ideally not exceed 109 cm. As the projector supports AirPlay and Miracast screen mirroring signals, it is possible to stream high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet or PC (Android, Windows and iOS). Another bonus worth mentioning is that the projector?s Bluetooth function allows it to be connected to external wireless speakers. Furthermore, the projector can play 1080p and 4K (compressed) content without any issues. At just 25 decibels, the device is one of the quieter projectors available.
Display Type	1 x LCD TFT Panel HDTV 16/9 Liquid Crystal Display
Ansi-Lumen	Projector: 260 / Screen: 116 Lux (200 cm Screen width)
