# Norbridge HY300 Pro

EAN/UPC:B0GT88QY4D

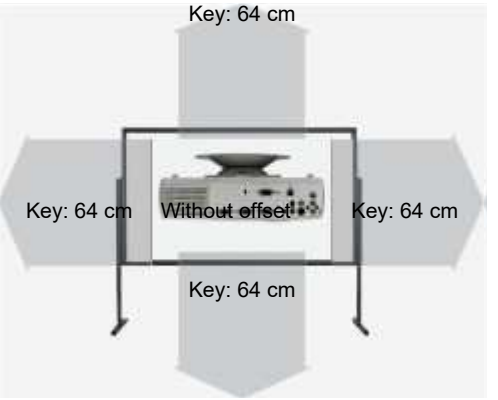

NORBRIDGE HY300 PRO

| | |
|---|---|
| Brief Introduction<br>Beta 2.5 | The Norbridge HY300 Pro LED LCD portable gaming projector has 160 ANSI lumens, a contrast ratio of 2000:1 and an HDTV resolution of 1280 x 720. Thanks to its LEDs, the projector has a stated lamp life of 30,000 hours, which would equate to over 20.5 years based on 4 hours? use per day. The projector is equipped with a built-in media player, so playing files directly is no problem at all. Horizontal and vertical keystone correction ensures that setting up the image is child?s play. An image width of up to 144 cm is possible, as the projector has 160 ANSI lumens. However, if there is ambient light in the room, the image should be no more than 96 cm wide. The model recognises AirPlay and Miracast screen mirroring signals, so it is possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet or PC (Android, Windows and iOS) via Wi-Fi. Another bonus worth mentioning is that the projector?s Bluetooth function allows it to be connected to external wireless speakers. It is also Full HD 1080p compatible. At 25 decibels, the projector is very quiet compared to others. |
| Display Type | 1 x 2,69" LCD TFT Panel<br>HDTV 16/9 Liquid Crystal Display |
