Norxe P20 4K

Brief Introduction Beta 2.5	With the P20 4K, manufacturer Norxe offers a stationary DLP laser projector with UHD (4K2K) 3840 x 2160 resolution and a contrast ratio of 4000:1. Thanks to the laser, the projector has a lifespan of 20,000 hours, which would equate to over 13.7 years at 4 hours of use per day. An image width of up to 718 cm is possible, as the projector has 5,000 ANSI lumens. In rooms with ambient light, the projector performs best with a narrower image width; we would recommend a maximum of 479 cm. The model is also compatible with Full HD 1080p and 4K, and, thanks to its 360? projection capability, can even project HD 1080p and 4K Blu-rays onto the ceiling.
