

Optoma EH490

OPTOMA EH490

Brief introduction to the Optoma EH490. The standard portable DLP projector has HDTV 1920 x 1080 resolution and a contrast ratio of 10000:1. The integrated lens shift gives you freedom when setting up the projector. An image width of up to 689 cm is possible; if the image width is smaller (we recommend max. 459 cm), even rooms with residual light are no problem. A smartphone with an MHL connection can be connected directly to the MHL/HDMI port for 1080p/60 Hz screen mirroring. The projector can also play 1080P and 3D content without any problems. The model was manufactured by Optoma in 2015 and is no longer available.
