Optoma GT200

Brief Introduction Beta 2.5	The Optoma GT200 LED DLP projector has 150 Ansi lumens, a contrast of 2000:1 and a WVGA 854 x 480 resolution. The service life of the LEDs is 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. A picture width of up to 124 cm is possible. However, the picture should be smaller in room light. We recommend max. 83 cm. The operating noise of just 25 decibels makes the projection quiet. The projector was launched in 2013 and is no longer sold by the manufacturer, but is still very popular in our projector database.
