

Optoma Pico PK301+

OPTOMA PICO PK301+

The Optoma Pico PK301+ LED DLP projector has 100 Ansi lumens, a contrast of 3000:1 and a WVGA 854 x 480 resolution. Due to the LEDs, the projector is specified with 20000 hours of light life, which is over 13.7 years if enjoyed for four hours a day. The integrated media player can play files directly. The projector can illuminate images up to 102 cm wide thanks to its 100 Ansi lumens. In room light, however, the image width should ideally be less than 68 cm. The rechargeable projector is not dependent on a direct power source and can therefore be set up very quickly, freely and spontaneously. It was launched on the market in 2012 and is no longer offered by the manufacturer Optoma.

1 x 0,3" DLP Chip
WVGA 16/9 Ti Digital Light Processing Chip

Projector	100	44 Lux (bei 200 cm Screen)
Contrast	3000:1 full on/off	3000:1 full on/off
