Optoma S343

EAN/UPC:796435 44 245 3

Brief Introduction Beta 2.5	The Optoma S343 3D BrilliantColor DLP projector has 3600 Ansi lumens, a contrast of 22000:1 and an SVGA 800 x 600 resolution. The lamp life is specified by the manufacturer as 15000 hours, which is over 20.5 years with a daily viewing time of 2 hours. 3600 Ansi lumens ensure that a picture width of 523 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 349 cm. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from a smartphone while it is being charged at the same time via the connection. The projector can also play 1080P and 3D without any problems. The operating noise of just 27 decibels makes the projection quiet. On the market since 2018, the model is no longer offered by the manufacturer Optoma.
