

Optoma UHD300X

OPTOMA UHD300X

The standard portable Optoma UHD300X DLP projector has 2200 Ansi lumens, a contrast of 250000:1 and a 4KESHIFT 2716 x 1528 4,150,048 pixel resolution. The lamp in the projector is specified with a lamp life of 10000 hours, which converts to over 13.7 years at 2 hours per day. The projector also offers a lens shift function, which makes image adjustment childs play. 2200 Ansi lumens ensure that a picture width of 477 cm is also possible. However, if room light is available, the image should be a maximum of 318 cm wide. Furthermore, the projector can play 1080P and 4K without any problems. With only 25 decibels of operating noise, the model is already very quiet compared to others. This model is no longer offered by Optoma, but is still one of the very popular projectors.
