

Optoma W307UST

OPTOMA W307UST

The Optoma W307UST 3D DLP projector has 3300 Ansi lumens, a contrast of 15000:1 and a WXGA 1280 x 800 resolution. As it is a short-throw projector, the projector can be positioned very close to the wall. For a 2 m wide image, the projector only needs to be 70 cm away from the screen. As the W307UST is equipped with a microphone jack plug and 10W speakers, no additional audio system is required for presentations or training courses. Playing 1080P and 3D is also no problem for the projector. It was launched in 2013 and is no longer offered by the manufacturer Optoma, but is still a popular projector in our database.
