Optoma W515ST

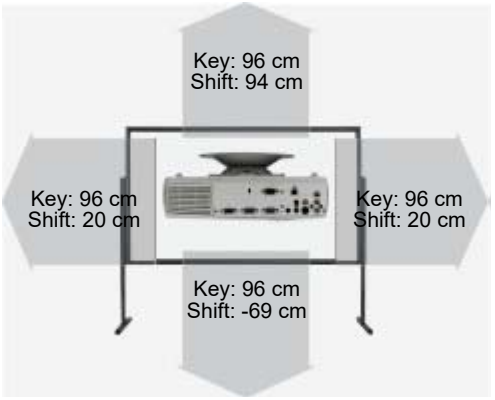

OPTOMA W515ST

Brief Introduction Beta 2.5	The Optoma W515ST 3D DLP projector has 5500 Ansi lumens, a contrast of 10000:1 and a WXGA 1280 x 800 resolution. With the lens shift function, the projector can be positioned very freely. As the W515ST is equipped with a microphone jack and 10W loudspeakers, no additional audio system is required for presentations or training courses. The projector can illuminate images up to 753 cm wide thanks to its 5500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 502 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port for 1080p / 60 Hz image mirroring (screen mirroring). Even 1080P video signals and 3D are no problem for the projector. On the market since 2017, the model is no longer offered by the manufacturer Optoma.
