Optoma X365

EAN/UPC:796435 44 190 6

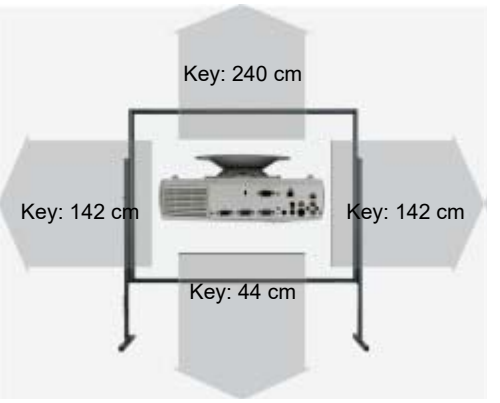

Brief Introduction Beta 2.5	The Optoma X365 3D BrilliantColor DLP projector has 3600 Ansi lumens, a contrast of 22000:1 and an XGA 1024 x 768 resolution. The lamp life is specified by the manufacturer as 10000 hours, which is over 13.7 years with a daily viewing time of 2 hours. The integrated media player allows files to be played directly. The horizontal and vertical keystone correction provides leeway when setting up. 3600 Ansi lumens ensure that a picture width of 523 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 349 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port for 1080p / 60 Hz image mirroring (screen mirroring). Playback of 1080P and 3D is also no problem for the projector. This model is no longer offered by Optoma. It should also be noted that, unfortunately, there are no more replacement lamps for the projector, neither originals nor replicas.
