Optoma ZU610T -B/W

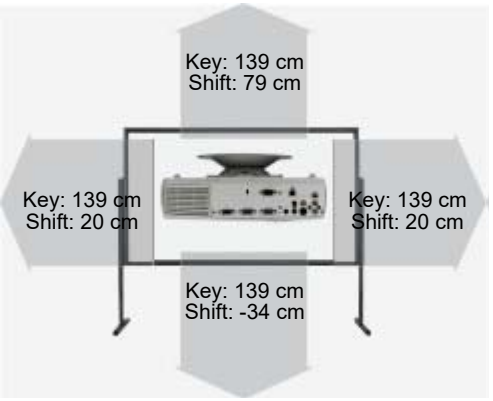

Brief Introduction Beta 2.5	The ZU610T -B/W 3D Laser DLP has 6000 Ansi-Lumen, a contrast of 1800:1 and a WUXGA 1920 x 1200 resolution. Thanks to the laser technology, the projector has a light life of up to 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The integrated lens shift provides freedom when positioning the projector. The projector is equipped with a microphone jack plug and 10W speakers, so no additional speakers are required for presentations or training sessions. 6000 Ansi lumens ensure that a picture width of 787 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 525 cm. The model is also Full HD 1080P and 3D compatible. Even projection onto the ceiling is possible thanks to the 360Â° projection. At just 29 decibels, the device is one of the quieter projectors. On the market since 2019, the model is no longer offered by the manufacturer Optoma.
Display Type	1 x 0,67" DLP DMD Chip WUXGA 16/9 Ti Digital Light Processing Chip
Ansi-Lumen	Projector: 6000 / Screen: 2667 Lux (bei 200 cm Screen)
Contrast	Projector: 1800:1 full on/off / Screen: 1800:1 full on/off
Black Level	Projector: 3,3333 min. Lumen / Screen: 1,484 min. Lumen
