EAN/UPC:796435 44 354 2

OPTOMA ZW506-W

A brief introduction to the ZW506-W: The Optoma 3D Laser BrilliantColor DLP projector offers 5200 Ansi lumens, a contrast of 1800:1 and a WXGA 1280 x 800 resolution. The manufacturer Optoma specifies a service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. With the lens shift function, the projector can be positioned very freely. 5200 Ansi lumens ensure that a picture width of 733 cm is also possible. The projector manages rooms with residual light with a smaller image width, we recommend a maximum of 489 cm. Video signals 1080P and 4K (compressed) as well as 3D are also no problem for the projector, meaning that all currently available Blu-ray formats can be recognized by the projector. It was launched in 2019 and is no longer offered by the manufacturer Optoma.
