

Panasonic PT L757E/U

PANASONIC PT L757E/U

Brief Introduction

Beta 2.5

With the PT L757E/U, manufacturer Panasonic offers an LCD projector with XGA 1024 x 768 resolution and a contrast of 250:1. The integrated media player can play files directly. An image width of up to 326 cm is possible. However, the picture should be smaller in room light. We recommend max. 217 cm. The model built in 2000 is no longer offered by Panasonic. It should also be noted that there are unfortunately no longer any replacement lamps available for the projector, neither original nor replica.
