Philips PicoPix PPX4150/A/INT

Brief Introduction Beta 2.5	The Philips PicoPix PPX4150/A/INT model is a DLP LED projector with VGA 640 x 360 resolution and a contrast of 1300:1. The manufacturer specifies an LED service life of 30000 hours, which converts to over 20.5 years at 4 hours of use. Thanks to the built-in 1800 mA battery, no power supply is required, allowing the projector to be set up quickly and flexibly. A smartphone with MHL connection can be connected directly to the MHL/HDMI port for 1080p / 60 Hz image mirroring (screen mirroring). With an operating noise of just 28 decibels, the model is already very quiet compared to others. The model built in 2015 is no longer offered by Philips.
Display Type	1 x DLP Chip VGA 4/3 Ti Digital Light Processing Chip
Ansi-Lumen	Projector: 50 / Screen: 17 Lux (bei 200 cm Screen)
Contrast	Projector: 1300:1 full on/off / Screen: 1300:1 full on/off
Black Level	Projector: 0,0385 min. Lumen / Screen: 0,013 min. Lumen
