Philips NeoPix Start+/ NPX245/INT

Brief Introduction Beta 2.5	A brief introduction to the NeoPix Start+/ NPX245/INT: The Philips LED LCD projector offers 650 Ansi lumens, a contrast of 800:1 and a 320 x 240 resolution. The manufacturer specifies an LED service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The projector also offers an integrated media player that can be used to play files directly. Thanks to the brightness of 650 Ansi lumens, a picture width of 222 cm is possible. In room light, the picture should be max. 148 cm wide. The rechargeable projector is not dependent on a direct power source and can therefore be set up very quickly, freely and spontaneously. Even 1080P video signals are no problem for the projector. It was launched in 2020 and is no longer offered by the manufacturer Philips.
