Philips ProScreen 5000

Brief Introduction Beta 2.5	The Philips ProScreen 5000 LCD projector has 400 ANSI lumens and a VGA resolution of 640 x 480. The 400 ANSI lumens ensure that an image width of 174 cm is possible. However, if there is ambient light in the room, the image should be no more than 116 cm wide. The projector is no longer sold by the manufacturer, but it remains very popular in our projector database.
