Pico Genie M100

Wireless Portable LED Pocket Projector

Wireless Portable LED Mini Projector

Key Features	User Benefits
Wireless projection* from Smartphones, Tablets & Laptops	Wirelessly stream* the display of your Smartphone, tablet or laptop. Full screen mirroring with Android (DLNA/Wireless) or the free EZ cast or iMedia Share app.
Power Bank with 4000mAh battery	Re-charge your portable devices for 3 hours to prevent draining your phone while projecting. Battery lasts up to 2 hours with 100% projection use.
Excellent Connectivity	HDMI: connect most devices via HDMI including iphone, ipads, DVD, TV MHL: connect Android phones USB/SD for direct playback via onboard media player DLNA/Wireless streaming
Ultra-thin profile & portable with inbuilt Speaker	Pocket sized for use on-the-go with 1.5 watt speaker
*Apple product compatibility (iPads, iPhone, Macs)	For wireless projection use iMedia Share app to project photos/videos (Mac not supported). Use Apple TV for full wireless mirroring projection

The Pico Genie M100 is a superb wireless LED mini projector enabling wireless projection from smartphones, tablets, laptops and much more.

Project a 70” screen from your devices with the built-in wireless connection (DLNA/Wireless) and mirror your entire screen wirelessly (Android) or share your videos & photos across the room wirelessly (Apple products*) .

With HDMI and MHL Android connections its also possible to mirror the screen via HDMI cables. Compatible Apple products can also mirror the screen using an Apple AV adaptor or Apple TV.

The M100 also includes HDMI, USB and micro SD connectivity along with a unique powerbank feature which prevents smartphone batteries draining while projecting videos.

With 65 lumens brightness and an inbuilt 2 hour battery which operates at full brightness it is perfect for sharing content at up to 70" in your lounge, bedroom or on the office walls.

Ideal for personal use, business or travel the Pico Genie can be used anytime anywhere!
