Polaring P7 Pro

EAN/UPC:B0FNJWPL1R

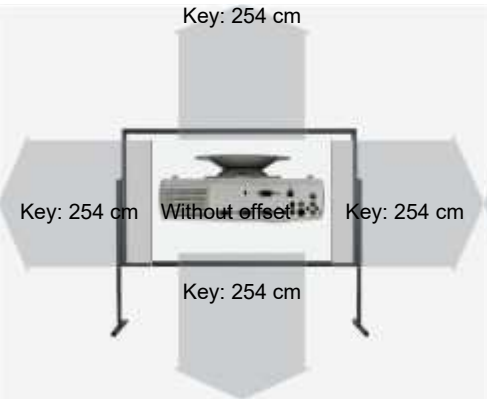

Brief Introduction Beta 2.5	With the P7 Pro, manufacturer Polaring offers an LCD LED projector with HDTV 1920 x 1080 resolution. Thanks to the LEDs, the projector has a light source lifespan of up to 30,000 hours, which would equate to over 20.5 years at 4 hours? use per day. The horizontal and vertical keystone correction, the projector can be positioned with great flexibility. With its 260 ANSI lumens, the projector can effectively illuminate a screen width of up to 164 cm. However, in room lighting conditions, the screen width should ideally be less than 109 cm. The model recognises AirPlay and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet or PC (Android, Windows and iOS). Another bonus worth mentioning is that the projector?s Bluetooth function allows it to be connected to external wireless speakers. Playing 1080p and 4K (compressed) content is also no problem for the projector.
Display Type	1 x 2,69" LCD Panel HDTV 16/9 Liquid Crystal Display
Ansi-Lumen (Projector)	260
Ansi-Lumen (Screen)	116 Lux (200 cm Screen width)
